CampusCard

for students

CampusCard (Semesterticket)

The CampusCard also serves as your semester ticket, which, depending on your student status (full-time, part-time, limited full-time), entitles you to use the local transport system. This is a convenience which is officially approved by the local transport authorities. Remember, your CampusCard can be used as a semester ticket only after it is activated. For the first semester the CampusCard is already activated. From the second semester you can reactivate it by yourself.

Extending the Validity

Your CampusCard has to be reactivated each semester. About a week after you have paid your new semester fees, you will be able to reactivate your CampusCard at one of the validating stations and have a new expiration date printed on it.

Validation

The validation stations will be accessible from Monday to Saturday from 7 am until 8 pm. As all stations on the different campuses are connected you can use one of them to extend you CampusCard.

Ahlem

EC bank cards, Printing account reloader and validation station

In Common room on ground floor

Bismarckstraße

Reloading CampusCard credit and validation station

On the corridor in front of the cafeteria

Expo Plaza 2

Reloading CampusCard credit , Printing account charger and validation station

In the main entrance hall next to the doorman

Expo Plaza 12

Faculty IV Block 14 in front of room 114

Hochschul-IT Block 6 ground floor

Campus Copy Print in Block 9 basement

CampusCard Reloading Station

In the entrance of the cafeteria

Library

The CampusCard also serves as your library card. Please take an application form from the library, fill it in and sign it and present it at the library desk together with your CampusCard and your current personal ID or passport. Afterwards, your CampusCard will be activated as a library card. After being registered in the library, you will be able to use the other libraries in the wider HOBSY library system too like TIB/UB or GWLB.

Paying without Cash

The CampusCard includes an electronic wallet. This can be loaded with up to 70 EUR at one of the cash reloaders or cash desks of Studentenwerk Hannover (the Hannover Student Services Organisation), or cashless at one of the charging machines accepting EC bank cards, which are available on campus.

The electronic wallet can be used to

- ▶ buy meals or snacks in the cafeterias and restaurants operated by Studentenwerk Hannover
- ▶ load your printing account online at one of the stations provided
- ▶ use the AStA-Copiers
